

## TRUST AN AGROLOGIST

### Why hire an Agrologist?

- Adherence to a Code of Ethics ensures the most accurate information and diligent service
- Reduce liability exposure
- Responsible to only work in areas where their training makes them qualified
- Committed to maintain continuing professional development to ensure ongoing competency
- Regulated by a professional body
- Maintains strict confidentiality

“

**Agrologist are science-based professionals in Agriculture, bioresources, food, and the environment who responsibly teach, transfer knowledge, and conduct research.**

”

## The Institute Regulates Agrologists

The Saskatchewan Institute of Agrologists (SIA) is the licensing body that regulates the profession of agrology in Saskatchewan, to protect the public, by ensuring its safe, competent, and ethical practice. The SIA is responsible for ensuring practicing agrologists honour the legislative obligations of *The Agrologists Act*, ensuring our food system is safe for people and the environment.

### Professional Designations

Agrologists use a designation to inform the public they meet qualifications and use competent, safe, and ethical practices.

### Full Members

- PAg: Professional Agrologist
- TechAg: Technical Agrologist

### Articling Members

- AAg: Articling Agrologist
- ATechAg: Articling Technical Agrologist

## Guardians of the Food System

Canadians continue to enjoy the safest and most nutritious food supply in the world, thanks in large part to the diligence of agrologists in regulating and safeguarding food production and processing.

## Stewards of the Environment

Agrologists provide leadership in environmental sustainability through their efforts in conservation, wetland protection, land management techniques and renewable resource management.

## Innovators in the Economy

Agrologists provide valuable business information and services through their in-depth knowledge of financial systems, marketing trends, economic analysis, policies, and business management in order to grow the Canadian markets and boost the economy.
